Congressional Voting Record

116th Congress, 2nd Session
January 2020—December 2020

Tragedy came to America and the world in 2020. The unrelenting coronavirus pandemic shaped and informed the work of the Alliance for Retired Americans. Seniors have been the hardest hit, and as of December, 80% of those who died from COVID-19 were over the age of 65. Nursing homes and senior living facilities across the country have been hotspots for the disease, with both workers and residents infected in massive numbers.

As soon as the scale of the pandemic was clear, we went to work to help and protect older Americans. We reached out to our members. We called on Congress to include the needs of older Americans in all coronavirus stimulus and relief packages. We learned new skills on how to reach our elected officials. We worked to streamline the delivery of stimulus checks to seniors and people with disabilities.

In November, seniors and all Americans brought change through the ballot box. Seniors voted in large numbers, as they always do. In 2020, they voted by mail in record numbers. The Alliance educated our members and the public on where members of Congress stood on addressing the pandemic, keeping Social Security and Medicare strong and the need to expand them, ensuring pension plans have appropriate resources to provide earned benefits, and controlling the high prices of prescription drugs. An informed electorate is the keystone of our democracy.

It is up to us to advocate for those issues on which older Americans depend for a comfortable quality of life in retirement.

This Voting Record reflects how committed our elected representatives are to retirees and older Americans. Use it to educate yourself on where your elected representatives stand. Get active today and help create an America that protects the health and economic security of seniors, strengthens families and builds safe and thriving communities.

The bill passed 275-134. A **YES** vote is a pro-retiree vote. H.R. 9051, Roll Call 252, December 28, 2020.
