## Congressional Voting Record

117<sup>th</sup> Congress, 2<sup>nd</sup> Session  
January 2022—December 2022

This past year the Alliance was very active in winning needed changes for retirees. The Alliance's advocacy was critical in enacting monumental legislation, the Inflation Reduction Act (IRA), into law. Alliance members spoke emphatically at news conferences, town hall meetings, lobbying visits with their Member of Congress and Senators, and engaged in social media advocacy to help move the IRA across the finish line.

The Inflation Reduction Act will require Medicare to negotiate lower prices for some of the highest priced prescription drugs. It caps insulin out of pocket costs at \$35 per month for Medicare beneficiaries, makes all recommended adult vaccines free for Medicare beneficiaries and in two years will put a cap on out of pocket drug spending at \$2,000 per year for those enrolled in Medicare.

In 2023, the Alliance for Retired Americans will continue to work hard to assist and protect older Americans. We successfully expanded our member outreach in 2022, and we will utilize this augmented resource to call on Congress and the administration to ensure the needs of retirees remains a top policy priority.

The Alliance will continue to advocate to expand Medicare to include hearing, dental, and vision benefits, while also working to ensure that the Inflation Reduction Act is not undercut or repealed. We will continue our pension advocacy so that earned benefits will always be there and continue our defending of Social Security, Medicare, Medicaid and other critical social programs for seniors from attempts to eviscerate these essential programs.

This Voting Record reflects how committed our elected representatives are to retirees and older Americans. Use it to educate yourself on where your elected representatives stand. Get active today and help create an America that protects the health and economic security of seniors, strengthens families and builds safe and thriving communities.
